Our double fire escape doors are the most competitively priced fire exit double doors in Australia, held in stock for same day collection or fast delivery.

Featuring UK made Exidor 285A adjustable panic bars with a 2 point shoot bolt on the passive leaf and single point panic bar on the active leaf, pre-hung within a steel frame making for a quick and easy installation, but a long lasting and reliable steel fire escape.

Our steel double fire doors come fitted with weather and draught proof seals as standard. Made from a galvanised steel with a fully welded construction ensures our doors last a long time, even when exposed to the elements.
